Lee County Supervisor of Elections Office Begins Mailing of Voter Information Cards

Lee County, FL (June 30, 2022) Lee County Elections will begin mailing approximately 508,000 new Voter Information Cards to all active Lee County voters today through July 8, 2022, as a result of Florida's redistricting and reapportionment following the decennial Census.

The Voter Information Cards include the voter's personal information, voting districts, party affiliation, precinct number, and Election Day voting location.

The Supervisor of Elections' role in decennial Census redistricting includes redrawing voting precinct boundaries, ensuring voters are placed in their proper voting districts, assigning new precincts and voting locations, and notifying voters of the changes before the August 23, 2022, Primary Election.

Additionally, Lee County precincts are now numbered to reflect a voter's County Commission district in the first digit of the precinct number. For example, Precinct 101 is in County Commission District 1, and Precinct 201 is in County Commission District 2.

Voters can visit www.lee.vote for voter registration information, Vote-by-Mail Ballot status, to request a Vote-by-Mail Ballot, view their Sample Ballot when it becomes available, Early Voting dates and locations, and their Election Day voting location.

Voters can contact our office at (239) 533-8683 for questions or concerns about their Voter Information Card's appearance.

Our mission is to deliver superior election services to the voters of Lee County.
