ARE YOU REGISTERED TO VOTE?

To register to vote in the State of Florida, you must:

- Be a citizen of the United States of America;
- Be a Florida resident;
- Be 18 years old (you may pre-register to vote if you are 16 years old, but you cannot vote until you are 18 years old);
- Not be adjudicated mentally incapacitated with respect to voting in Florida or any other state;
- Not have been convicted of a felony without your civil rights having been restored;
- Provide your current and valid Florida driver’s license number or Florida identification card number. You must provide the last four digits of your Social Security Number if you do not have a Florida driver’s license number or a Florida identification card number. If you do not have any of these items, you must mark the box indicated on the Florida Voter Registration Application as “NONE.”

**Important:** If you are already registered to vote in the State of Florida, you do not have to register to vote again. If you recently moved to Lee county from another Florida county, you are only required to update your address.
2018 ELECTION DATES
AND VOTER REGISTRATION DEADLINES

In order to be eligible to vote in an election, you must be registered to vote before the voter registration books close for an election.

The voter registration books close 29 days before an election.

You can update your address on our website, call our office, or submit your change of address to the Lee County Supervisor of Elections on the enclosed Florida Voter Registration Application.
PRIMARY ELECTIONS IN THE STATE OF FLORIDA

Florida is a closed primary election state. Political parties use primaries to nominate their party’s candidates to run in a General Election.

- If you want to vote in a partisan primary election, you must be registered to vote with the political party that is holding the primary election before the voter registration books close for an election.

- If you do not select a party affiliation on your voter registration application, you will be registered without a party affiliation.

- Voters without a party affiliation may only vote for partisan candidates in a primary election if the candidates running for office all have the same party affiliation and the winner in the primary election will not face any opposition in the General Election. This is referred to as a Universal Primary Contest.

- When races for nonpartisan offices such as judicial, school board, nonpartisan special districts or referendum questions appear on a primary election ballot, all voters, including those without party affiliation are entitled to vote those races on the ballot.

- At a general election, all registered voters may vote regardless of party affiliation.

The deadline to change your party affiliation for the August 28, 2018 Primary Election is Monday, July 30, 2018.
HOW TO REGISTER TO VOTE

You can submit an online voter registration application through the Department of the State’s website at RegisterToVoteFlorida.gov. This website is secure, convenient and easy to use.

To submit an online registration, you will need a Florida driver license or Florida state identification card and must provide the last four digits of your social security number for security purposes.

If you do not want to register to vote online, you can complete the enclosed Florida Voter Registration Application. For your convenience, a postage-paid return envelope is provided in this brochure.
YOUR VOTER INFORMATION CARD

After you register to vote, you will receive a Voter Information Card in the mail.

Your Voter Information Card provides you with important information about your polling place location, precinct number, and the districts in which you reside and are allowed to vote.

At an Early Voting Site

At your Polling Place on Election Day

You must vote at your designated polling place. It is against the law to vote in a precinct that you do not reside in on Election Day.

WHAT IS A PROVISIONAL BALLOT?

Whenever a voter’s eligibility to vote in an election is uncertain, or the voter does not provide the required identification, the voter is entitled to vote a provisional ballot.

If you are voting on Election Day, you must be at your assigned precinct or your provisional ballot may not count.

After Election Day, the canvassing board assigned to oversee the election is responsible for determining whether or not the voter was entitled to vote in the election before counting the provisional ballot.

If you vote a provisional ballot, you will receive a notice of your rights after depositing your ballot into the Provisional Ballot Box. This notice contains important information and instructions on how you may provide written evidence of your eligibility to vote in the election and how you can check to see if your ballot was counted.

Voters must provide written evidence to the Supervisor of Elections no later than 5:00 PM on the second day following the election.
